Objective of the Course:

Mississippi Studies is designed to foster appreciation for the state, its history and its culture. The content will include the geographic, historic, economic, political, and social events that have contributed to the state's development.

Discussion Board:

You are required to submit a discussion board posts for this course. The questions/topics are already presented in the Discussion Board area. There is no exact right or wrong answer on discussion board questions – just make sure you explain and justify your reasoning. I will comment on your posts as well. Your participation in each discussion board will combine to count as one test grade for the course.

Quizzes:

Each lesson will have a quiz. The quizzes are designed to provide an understanding of the content related to the courses. Each quiz contains key terms and short answer questions. Please be thorough in your answers. When identifying key terms, don't merely copy the book's definition – explain its overall importance. When working through short answer questions, provide as much information as is needed to completely answer the question – provide facts, input, examples, justification, etc. You are allowed to use notes and your textbook for the quizzes

Exams:

This course will have 4 exams. They will heavily emphasize vocabulary, as key terms are vital to the understanding of the concepts presented. Be sure, however, to review all questions and activities that are listed in your text. The exams will be under the supervision of your course supervisor/proctor. No supplementary materials (notes, textbooks, reference books, etc.) can be used. We reserve the right to require any student to come to the High School Online office to take or redo any test. Academic dishonesty will not be tolerated, and can result in an F in the course.

Grades:

You will receive a numerical grade for each lesson that you submit. Your lesson grades will count as 1/3 of your final grade, and your tests will count as 2/3 of your final grade. As lessons and tests are graded, your grade will be posted in Moodle. While I strive to grade your lessons and tests in a very timely fashion, please note that there are certain times when there may be a delay in grading (holidays, weekends, etc).

Final Grade:

Once you have submitted all assignments for grading and your final average is calculated a completion letter will be mailed to the student and the school. The school will issue the letter grade and add the course to your transcript.
